COMMONWEALTH OF VIRGINIA

STATE CORPORATION COMMISSION

AT RICHMOND, JANUARY 30, 2003

JOINT APPLICATION OF

VIRGINIA ELECTRIC & POWER COMPANY  
D/B/A DOMINION VIRGINIA POWER

CASE NO. PUE-2003-00003

AND

SOUTHSIDE ELECTRIC  
COOPERATIVE

For revision of certificates  
under the Utility Facilities Act

ORDER FOR REVISION OF CERTIFICATE

On September 26, 2002, Southside Electric Cooperative ("SSEC" or the "Cooperative") and Virginia Electric & Power Company d/b/a Dominion Virginia Power ("Dominion Virginia Power") submitted to the Division of Energy Regulation of the State Corporation Commission a letter, along with copies of a detailed map, requesting a revision to Certificate E-V48 to change the boundary lines between their service territories.

The requested change relates to a parcel of land owned by a residential consumer who resides on Route 642 (Poor House Road) located in Brunswick County, Virginia. The parcel is currently within SSEC's service territory, however, the closest SSEC facilities are approximately 4000 feet away and the Cooperative

has had difficulty obtaining the necessary right-of-way easements. Dominion Virginia Power, on the other hand, has adequate facilities, approximately 1260 feet away, to serve this customer. Dominion Virginia Power and SSEC agree to the proposed change and request that the territory line revisions delineated on attached Map V48 be made to Certificate E-V48 to reflect that Dominion Virginia Power would provide service to the parcel of land indicated herein. Dominion Virginia Power and SSEC represent that the consumer is in agreement with the boundary revision.

NOW THE COMMISSION, having considered the request, is of the opinion and finds that it is in the public interest to amend Certificate E-V48. The parties affected by the proposed revision have notice thereof, and are in agreement with the revision of boundary lines.

ACCORDINGLY, IT IS ORDERED that Certificate E-V48 shall be amended as delineated on attached Map V48 and revised certificates shall be sent to Dominion Virginia Power and SSEC.
